ABOUT ME

I am a skilled and motivated Frontend Developer experience in creating exceptional user experiences. Proficient in HTML, CSS, and JavaScript, I specialize in building visually stunning and responsive websites. With a strong understanding of modern frontend frameworks likes React & Next and a keen eye for design, I collaborate with cross-functional teams to deliver intuitive interfaces that meet client requirements. Committed to staying up-to-date with industry trends, I constantly expand my skillset to incorporate new technologies, ensuring innovative solutions that push the boundaries of what's possible.

In addition to my proficiency in Python, I have practical experience working with Selenium and Beautiful Soup, enabling web automation and web scraping capabilities to enhance my programming skills.
